Dear Jimmy,

Our staff was commenting that this was the best of the six Christmas parties we have had. You got things off to a great start on Friday evening. Safe to say we all had a wonderful time listening to your music and your stories. ***Jimmy you are superb musician and a wonderful person.*** We are fortunate that our paths crossed last year at Tommy Bahamas. ***Your music makes people smile. It doesn't get better than that.***

Hi Jimmy,

***Everyone said that this was the best Christmas party that we have had*** and I attribute the success of our weekend to you getting us started with the Friday night entertainment! I will be going to Palm Springs this Friday and was wondering if you will be playing in Palm Springs during this time as I would like to come with some friends and see you play again.
